Annexure II

Feed Back Report

The college maintains a system of taking feedback from alumni, parents and students. It is in two forms - distribution of questionnaires and organising meetings. On the basis of feedback provided by them on questionnaires, their complaints and problems are sorted out and placed before the Managing Committee. These are discussed in detail and steps are taken to solve the problem and address their grievances. The meetings with alumni and parents are also helpful in getting their response towards the various activities of the college. The views and opinion of the parents and alumni are taken into consideration and full effort is given to fulfil their suggestion through proper discussion with authorities and managing committee. All efforts are directed towards meeting the needs of the students so as to give them full opportunities for overall development.
